What is a lithium-ion battery charging Safety Cabinet?

Justrite's Lithium-Ion battery Charging Safety Cabinet is engineered to charge and store lithium batteries safely. Made with a proprietary 9-layer ChargeGuard(TM) system that helps minimize potential losses from fire, smoke, and explosions caused by Lithium batteries. Shop Now

What are Justrite Li-ion battery charging and temporary storage cabinets?

The new Justrite li-ion battery charging and temporary storage cabinets were designed to reduce the risks of battery fires and thermal runaway.

What is a Justrite battery storage cabinet?

Every Justrite battery storage cabinet is made from strong 18-gauge steel. It has double-walled sides, top, and bottom with a 1.5-inch air gap between the walls. The manual-close doors have baffled vents and a unique flame arrester pattern. They are supported by continuous piano hinges for a secure and reliable closure.

How much weight can a kitchen cabinet hold?

Inside the cabinet, there is a fixed shelf that can hold up to 65 lbs. An axial fan helps regulate the temperature and has a sliding door that closes if the internal temperature goes over 135°F. The cabinet can be grounded with an included attachment.
