Are new military bases and training grounds in Belarus being used?

Investigative journalists have said images show new and modernized former military bases and training grounds in Belarus, some of which will be used during upcoming Zapad-2025 (West-2025) joint exercises with Russia.

Does Belarus have a new cadastral facility?

The Belarusian authorities have not officially commented on the construction. The journalists also found no reference to the facility in public records or on official land registry (cadastral) maps. The second new facility has appeared on the outskirts of the city of Gomel, less than 40 km from the border with Ukraine.

What unit will be based in Belarus?

“There is currently no official information about which unit will be based there, but given that the Belarusian authorities have created a new formation - the 37th Separate Air Assault Brigade of the Belarusian Special Operations Forces - to reinforce the southern area, it may be intended for them,” the article states.
