

Are storage projects eligible for ITC & PTC?

Storage projects that start construction before 2033 will remain eligible for both the ITC and PTC. Those beginning in 2025 can receive an ITC of up to 50% under 48E if domestic content and labor standards are met,though the ITC will phase out entirely by 2035.

What is a foreign influenced entity?

A " foreign-influenced entity" is a term that casts a wider net. A taxpayer hoping to claim tax credits is a foreign-influenced entity if a specified foreign entity has " direct authority" to appoint a board member or an executive-level officer, including the president, CEO, COO, CFO, general counsel or a senior vice president.

Are residential batteries a good investment?

While storage fared better than solar and wind, homeowners interested in residential batteries face dwindling opportunities. A solid-state battery co-created by the Pacific Northwest National Laboratory and Ampcera, Inc. Image: Andrea Sarr, Pacific Northwest National Laboratory

What is a prohibited foreign entity?

A "prohibited foreign entity" is an entity with ties to China,Russia,North Korea or Iran. The ties can be such things as 25% or more ownership by a single Chinese shareholder or 40% by two or more such shareholders or at least 15% of total debt held by Chinese lenders,only counting debt holders at original issuance.
