

What is included in a battery cabinet?

Each battery cabinet includes an IP56 battery rack system, battery management system (BMS), fire suppression system (FSS), HVAC thermal management system and auxiliary distribution system. Outdoor liquid cooled and air cooled cabinets can be paired together utilizing a high voltage/current battery combiner box.

What can a BMS supplier do for You?

Customization for Specific Applications: An experienced BMS supplier can provide tailored solutions to meet the unique needs of different industries, whether it's electric vehicles, renewable energy systems, aerospace, or telecommunications.

Are the battery cabinets modular?

Whether you're planning an on-grid project or an off-grid solution, the battery cabinets are designed to be modular and easily expandable in the future. We've designed our solutions to guarantee safety and comfortability for you. All our battery solutions are forklift-ready and can be easily installed at the site.

What makes a good BMS board supplier?

Furthermore, LG Chem has been the preferred BMS provider for several top automobile manufacturers. A good BMS Board supplier can quickly answer your questions, offer you suitable options, compare their pros and cons, and help you choose better. So what other factors must be considered when choosing a BMS manufacturer?
