

Mozambique Peak Valley Energy Storage Project

When did Globeleq & Mozambique launch a solar power plant?

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and Mozambique, as it was the first IPP to integrate a utility-scale energy storage system.

Why should you invest in the Cuamba solar and storage plant?

"The Cuamba solar and storage plant will provide greater energy security and stabilityin this region of Mozambique and marks a turning point for the Cuamba district. Globeleq, Source Energia and EDM have all invested in this project - a public-private partnership that demonstrates the confidence of international investors in Mozambique.

Is battery storage a key technology for Mozambique's future?

Globelequeses battery storage as a key technology for Mozambique's future. Storage costs are expected to continue decreasing, so those systems will become more competitive and will be able to contribute more.

What is Globeleq's first greenfield project in Mozambique?

The US\$36 million Cuamba Solar plantis also Globeleq's first greenfield project in Mozambique and the Group's first combined solar and storage plant in its operating portfolio.

Will Cuamba solar deliver clean power to the Mozambican grid?

Mike Scholey, Globeleq's CEO remarked: "We are extremely excited to now have Cuamba Solar officially delivering clean power to the Mozambican grid via EDM and supporting both the local economy and the Government's efforts to build more renewable power.

Why should Mozambique be a regional power supplier?

First,to ensure that Mozambique has reliable and cost-effective power generation capable of meeting its 2030 electrification goals. Second,to establish Mozambique as a regional power supplier of choice. South Africa has a critical shortage of electricity, and Zambia and Zimbabwe also require power.

Africa Energy Outlook 2019 is the IEA's most comprehensive and detailed work to date on energy across the African continent, with a particular ...

Who is the project EPC contractor for Mozambique? Spanish company TSK has been appointed as project EPC contractor. Globeleq will oversee the construction of the eventual operation of ...

first combined solar and storage plant. "It supplies clean energy to EDM through a 25-year power purchase agreement, provides energy to around 22,000 Mozambican families, saving more ...

Mozambique Peak Valley Energy Storage Project

Through programmes such as its Power Africa initiative, it has given assistance to feasibility studies and development activities to projects including microgrids and utility-scale battery ...

"The Cuamba solar and storage plant will provide greater energy security and stability in this region of Mozambique and marks a turning point for the Cuamba district.

The Mozambican 19MWp (15MWac) solar PV plant and 2MW (7MWh) energy storage system will be placed in the Tetereane District of ...

The power demand of mining equipment such as ventilation, drainage, and equipment lifting systems often fluctuates, resulting in energy waste and unnecessary cost expenditures. The ...

By adding clean energy capacity, the Project also contributes to reduce GHG emissions and decrease the reliance on fossil fuels. In addition, the Project's battery storage ...
