

Yard home solar all-in-one outdoor courtyard

Are solar lights right for your yard?

With these needs in mind, solar lights may be your best bet. "When it comes to yard-scapes, solar-powered lighting is ideal because I can achieve a beautifully-lit ambiance but with a lot less hassle," says designer Galey Alix of Galey Alix Design.

Are outdoor solar lights a good idea?

By carefully mapping out your space, outdoor solar lights can make your yard or garden feel as comfortable as your indoor living areas. When surveying your exterior's square-footage, note any pathways that may benefit from better lighting. "Solar lights for lining walkways or driveways are fabulous for design and utility," Agardy says.

Should you put solar lights in your outdoor space?

As long as your solar lights can get a consistent charge over the course of the day, where you decide to place them can make your outdoor space feel like the best hangout spot in your home after dark. Find a landscape designer in your area with the AD PRO Directory, our network of AD -approved professionals.
